# RANDOLPH-ASHEBORO YMCA

July 14, 2020

Governor Cooper announced today that our state will remain in Safer at Home Phase 2 for three more weeks (through August 7). As a reminder, we've resumed many of your favorite activities following all federal, state and local health guidelines. Our indoor pool is open for Adult Lap Swim, Water Walking and Water Fitness classes. Our instructors are offering outdoor classes like Group Exercise, Cycle, Yoga, BeastMode and more in addition to the virtual classes still available online, and day campers continue enjoying safe summer fun in our Summer Camp.

Our staff is working hard to ensure all Y activities and environments are clean and safe for everyone. For more information about our schedules and to stay up to date on any updates please visit [www.randolphasheboroymca.com](http://www.randolphasheboroymca.com)

The Governor also announced the State's recommendations for restarting school with a mix of in-person and remote learning. Like you, the Y has been navigating uncharted territory as we develop plans to provide flexible and affordable child care while expanding enrichment and providing extended learning opportunities for children. We know families are eager to make plans for the school year, and we are working diligently with our local schools and community partners to adapt and finalize options for your child's out-of-school time. We will post our plans on our website as soon as they are available.

Thank you,

Nick McNeill  
Marketing & Membership Director
