CIT

An exciting leadership opportunity for teens ages 13-15 to interact with younger campers, learn expectations of a counselor, assist with day camp and do team building activities. Teens build character, knowledge, their volunteer resume and enhance their opportunity to excel in life with this program. Teens interested in this program need to submit a CIT Application. Program Information

Safety

The YMCA believes that the safety and good health of your child is our first priority. Activities are planned and suited according to age. Each child is required to wear sunscreen daily for his/her protection. **IF YOUR CHILD DOES NOT HAVE SUNSCREEN HE/SHE WILL NOT BE ALLOWED TO PARTICIPATE IN OUTDOOR ACTIVITIES.** If a child has a mental and/or physical handicap, then a meeting must be set-up with the Program Directors to determine if a CAP worker will be needed to assist that child at camp. We have floatation belts for the children, who do not know how to swim, to wear (even in the shallow end of the pool). Many children actually learn how to swim just by "practicing" here at the Y. Also, a child (regardless of age) must first pass a swim test with a lifeguard in order to go past the 5 ft mark in the pool. The Aquatics Department offers swim lessons throughout the summer for infants all the way up to adults. If a camper is enrolled in swim lessons the Summer Camp Staff will take that child to swim lessons and pick him/her up. However; parents must let the staff know if their child is enrolled in swim lessons and the session time.

Staff

Your child will be carefully supervised by our counselors with a maximum of 15:1 child to adult ratio. All staff has passed a criminal background check before they are hired. Counselors are CPR/First Aid certified, have a safe driving record and completed YMCA Counselor Training. YMCA Staff Members are not allowed to transport children in their personal vehicles or “baby-sit” at any time.

CITs

Depending on the age(s) and size of the group, two to three Counselors In Training (CIT) will be assigned per group. The Program Directors will carefully screen CITs by assessing their applications, conducting & evaluating interviews with applicants and finally, contacting references with a detailed questionnaire regarding the applicant. After the application, interview and references have been compiled and calculated CITs will be chosen based on the most qualified and deserving individuals. ALL CITs will attend CPR/First Aid training sessions provided by the YMCA. They will also be trained by the Program Directors in a modified version of the YMCA Day Camp Training Module. CITs will be supervised by the Program Directors and the Camp Counselors. They ARE NOT responsible for facilitating program activities, direct care to Day Campers, bathroom/locker room supervision, behavior management or be solely responsible for a group or group of children. The role of CITs is to assist the Counselors, primarily with transition, lunch & snack times and with activities (crafts, games, sports, set-up/clean-up) and learn the characteristics it takes to be a YMCA Counselor. If a CIT is not fulfilling their role, they will be dismissed from the program by the Directors. ALL CITs who complete the program will be rewarded with an all-expenses paid trip to Wet N’ Wild Emerald Pointe!

Goals

Through a Christian perspective we want to provide your child with an experience that they will remember for years. We want to provide service that is convenient and affordable. We have scholarships available to families who may need assistance in providing a quality summer camp program for their child. Our programming will offer safe, fun, structured programs with games, devotions, field trips, arts & crafts, community programs, such as 4-H, and other enjoyable activities.

Camp Readers

The Randolph-Asheboro YMCA is participating in an exciting new program called *Camp Readers*. By including 30 minutes of reading time in camp time, the Camp Readers Program shows kids that reading is fun and builds their reading skills. Reading doesn't have to stop at camp. Here are some things you can do to help your child read home:

- **Read Together:** Read to your child every day to build good reading habits. Once your child learns how to read, take turns reading to each other.
- **Get Comfortable:** Look for good lighting, comfy chairs and quiet space for reading. If it's hard to set aside quiet space at home, plan a trip to your local library.
- **Read for Fun:** Help your child find children's magazines, comic books for kids, and books that match his or her interests.
- **Read and Play:** Help your child experience what he or she is reading. For example, if a book is about animals in the forest, go for a walk in the woods.
- **Start a Discussion:** Ask your child questions like, "What is the most interesting thing about what you are reading?" or "Who's your favorite character and why?"

Healthy Lunchbox Challenge

The Challenge is a fun and exciting way to help summer day camp providers improve the types of foods and beverages children bring for snacks and lunch. The Challenge focuses on encouraging children and their parents to pack daily Fruits and Vegetables for snacks and lunch and Water to drink – consistent with the National Afterschool Associations Healthy Eating Standards. The Challenge offers points to groups of children for bringing a Fruit, Vegetable, or Water to the camp. Points are tallied each Monday through Thursday, with the winner announced on Friday. Groups with the most points receive an award designated by the summer camp.

For each week of attendance payments must be **paid by Friday of the week prior and are late if they are not made by 10pm of the following Monday**. Failure to make payments on time will result in the child not being able to attend the summer camp program until the account is paid up-to-date. There is a 10% fee on past dues. Also, any balance not paid prior to the start of your child's session may be charged on the account given for payment or result in the cancellation of the child's registration for that session. If a child comes one day during the week, full week's payment is required. If a child does not attend at all during the week, there will be no fees for that week.

Drop-Off/Pick-Up

When dropping off your child (drop off begins at 7am) we will sign your child in so we can assure that your child makes it safely to the program. When picking up you **MUST** sign your child out. Each counselor in charge of child pick-up will have a "pick-up" list, which contains names of all persons which you specified that have permission to pick-up your child. Any person other than the parent/guardian must present a picture I.D. for use to verify the name on the list. This is for your child's safety. If you want to add anyone to the list please let the counselor know. Pick-Up time ends at 6:00pm. **If your child is not picked up earlier than 6:00pm, charges will apply. The fee is \$1 for every minute past 6pm per child.** CITs do not have to be "signed-out", but we do ask that you notify their counselor that you have picked him or her up or that you have arrangements with the Program Director (in writing) for your teen to remain on site to work-out, use the Teen Center, etc.

Sickness/Illness/Medications

If your child is running a temperature or vomiting/diarrhea, please do not send them to camp until they have been fever/virus free for at least 24 hours. Also, if your child becomes sick while at the YMCA, you will be contacted by a counselor or program director to come pick him or her up with-in **ONE** hour of contact. If your child requires medication while at camp, please give it to a counselor or program director for safe keeping and discuss any dosing instructions with them.

Prolonged Absences/Vacations

Please inform your child's counselors or the program directors if you know your child will be absent from camp for one week or more. This will aid in program scheduling.
