## **RANDOLPH-ASHEBORO YMCA**

Yesterday we learned that gyms will not be included in NC's phase 2 of easing restrictions. We are disappointed because we know that our fitness centers improve health and give us the opportunity to connect face-to-face with people we care about. However, it's the love we have for our members and communities that compels us to follow the path that our state has provided to reopen with safety at the forefront.

While the doors of our fitness centers remain closed, other doors are opening even wider. On June 1st Summer Day Campers return to fun and adventure. We are also looking at different options to continue to bring more services and programs to you during this time. We are also excited to announce that we received a grant from the Edward M. Armfield Foundation to allow us to work with families who have lost their job due to COVID-19 to help them with scholarships for YMCA Memberships and Summer Camp. You can learn more about this and anything else, including our virtual YMCA offerings at [www.randolphasheboroymca.com](http://www.randolphasheboroymca.com).

We know that for a while longer, visits to restaurants, stores and even our Y will feel a bit different. We've worked with health experts and our local health department to prepare our Y for your safe return. We're grateful for your understanding and for the concern you've shared for our staff who stepped up during this pandemic to provide emergency child care, make wellness calls to seniors feeling isolated, serve meals to children and families, and organize blood and supply drives. We remain grateful to our members and donors for continuing to **#StayWithUs** as we continue to serve our neighbors when they need us most.
