- **What if my child doesn't know how to swim?**
 - No problem. We have floatation belts for the children to wear even in the shallow end of the pool. Many children actually learn how to swim just by "practicing" here at the Y
 - Also, a child (regardless of age) must first pass a swim test with a lifeguard in order to go past the 5 ft mark in the pool
 - The Aquatics Department offers swim lessons throughout the summer for infants all the way up to adults. If a camper is enrolled in swim lessons the Summer Camp Staff will take that child to swim lessons and pick him/her up. However; parents must let the staff know if their child is enrolled in swim lessons and the session time.

 - We have our own scholarship program which is modeled after the voucher system. Please feel free to ask the front desk for a scholarship application which you will need to complete and return to the front desk
- **If my child's birthday is during summer camp will he/she change groups?**
 - No, the group your child starts out in is the group he/she will stay in for the duration of the summer. For example: Sam is 6 years old and in the Climber group when camp begins. His birthday is July 1st and he will turn 7 years old. Sam will not move up into the Hiker group
