# Randolph-Asheboro YMCA

October 9, 2020

The YMCA's highest priority is the safety and well-being of our members and staff. During this unprecedented time, we are committed to being true to our YMCA values of honesty, caring, respect and responsibility. In that spirit, we are informing members that two employees, who are related, reported having symptoms while they were away on vacation. Both tested positive for COVID-19 and the Randolph County Health Department was notified immediately. Parents in the afterschool program, where one employee works, were also notified. Neither employee has been at work since September 28 (before they became symptomatic) and have isolated at home as directed by the health department. We are happy to report that both are well.

There is nothing more important to us than the health of our members, staff and families. The Randolph-Asheboro YMCA follows stringent cleaning and disinfection protocols that fully align with the recommendations of the CDC and the NC Department of Health and Human Services. We are also in daily contact with the Randolph County Health Department and appreciate their expert guidance as we work together to keep our Y and community healthy and safe.

If you have any questions, please feel free to contact me directly. The phone number is 336-625-1976.
